

## LEGO Creations Supplies?

### Getting Started

LEGOs can be grouped into two different types:

#### Theme

The Theme grouping of LEGO parts can be assembled and connected in many ways, to construct objects; vehicles, buildings, and various artist creations. The base parts within the Theme group are:

- Bricks
- Plates
- Tiles

#### Technic

The purpose of **LEGO Technic** is to create more advanced models with movable arms, such as machines with wheels, pneumatics or electronic components. The base parts for **LEGO Technic** are:

- Bricks with Holes
- Plates with Holes
- Pins
- Axles
- Gears
